Grip Takes the City in Its Iron Grasp

Government Machinery Almost at a Standstill—Enormous Percentage of Employees Stricken With LaGrippe—Capitol at the Mercy of the plague.

The Grip epidemic is raging in the Capitol City, and fully one third of the government employees are sick or suffering from the dread disease. Violent headaches, fever and chills, sneezing and running at the eyes and nose together with the bone-racking ache and pains and a general exhaustion are the rule rather than the exception. The best way to fight the Grip is to strengthen the nerves and build up the resistive powers so as to throw off the deadly disease germs, and nothing will do this so quickly and surely as Dr. Miles' Nervine. It has restored health to thousands of Grip sufferers after every other remedy had failed.

"When the Grip left me I was a broken down wreck, both mental and physical. My nerves were completely unstrung, my appetite failed, could not sleep and became so despondent that I despaired of ever getting well. I began to improve with the first bottle of Dr. Miles' Nervine and when I had taken seven bottles I was completely cured. Have been strong and well ever since and weigh more than I ever did before."

Samuel F. Pilson, Staunton, Va

All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle benefits or money refunded. Be sure you get Dr. Miles' Remedies. Take nothing else. RESULT OF BATTLE

Insurgents Driven Back Ten Miles by the United States Troops.

ENEMY'S LOSS 2,000 DEAD

Thirty-Five Hundred Wounded and Five Thousand Prisoners — Train Load of Enemy Shelled by Dewey's Ships — Otis' Men Supplied With Smokeless Powder.

Manila, Feb. 7.—The rebel forces have been driven back 10 miles and their losses up to date are 2,000 dead; 3,500 wounded and 5,000 taken prisoners.

During the fighting the United States warships shelled a train loaded with insurgents.

Colonel William C. Smith of the First Tennessee infantry was in the thick of the fight when attacked by apoplexy and fell from his horse.

CAUSED A COMMOTION

Short Telegram From Dewey Indicated Hostilities Had Been Resumed.

Washington, Feb. 7.—The important news in Washington yesterday was the ratification of the peace treaty and the report of lists of casualities from General Otis.

Prompted by General Otis' promise to send along the list of casualities at the earliest possible moment the friends of the soldiers at Manila besieged the war department yesterday by telegram and word of mouth for information from the scene of the battle in the Philippines.

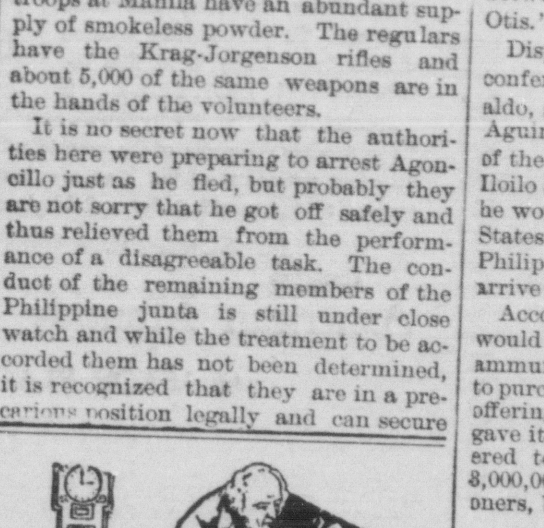
A short cablegram came from Admiral Dewey that caused some temporary commotion by creating the impression that hostilities had been renewed by the insurgents.

As to the change in conditions wrought by the ratification of the treaty, there is a variance of views, and Adjutant General Corbin and Second Assistant Secretary Adee of the state department give the matter attention in order to send full instructions for his future guidance to General Otis. The extreme view on one side is that until the Spanish government ratifies the treaty it is not of legal effect. According to that view, therefore, the United States government is estopped from proceeding beyond their lines at Manila for the time. By the other extreme view the United States government is free to do just as it pleases in the entire group of islands, and will, therefore, proceed at once to complete the military occupancy of the islands.

The medium view, and that which is likely to be followed, is that General Otis is justified in doing anything that is necessary to protect his army and all American and foreign interests in Manila, even though this obliged him to assume the offensive and to go outside of the old lines in pursuit of the insurgents who may be seeking to reorganize and recoup from their late defeat with an intention of attacking again or even threatening the Americans.

It was learned upon inquiry at the war department that all the American troops at Manila have an abundant supply of smokeless powder. The regulars have the Krag-Jorgenson rifles and about 5,000 of the same weapons are in the hands of the volunteers.

It is no secret now that the authorities here were preparing to arrest Agoncillo just as he fled, but probably they are not sorry that he got off safely and thus relieved them from the performance of a disagreeable task. The conduct of the remaining members of the Philippine junta is still under close watch and while the treatment to be accorded them has not been determined, it is recognized that they are in a precarious position legally and can secure immunity only by the exercise of the greatest discretion.



It is sad and disappointing for a father to rear a son, spend hard-earned money for his education, work to insure him an advantageous start in life, and build castles in the air about the boy's future, only to have him killed off in the early years of manhood by the dread disease consumption.

Until recent years consumption was considered an incurable disease. Now it is known to tens of thousands that Doctor Pierce's Golden Medical Discovery cures 98 per cent. of all cases if taken in the early stages of the disease. It also cures bronchitis, laryngitis, throat and nasal troubles and all allied diseases of the air-passages. It is the best blood-maker and flesh-builder, the best general tonic and nerve restorative. It gives a keen edge to the appetite, corrects the impaired digestion, promotes the flow of digestive juices, facilitates the production of chyle in the lower stomach, or intestines, invigorates the liver and purifies and enriches the blood. It tears down old and inert tissues and builds up new, firm, muscular tissues of health. It strengthens the heart's action, promotes the circulation of the blood to every part of the body and deepens the breathing, thus supplying the blood with vitalizing oxygen. Thousands have testified to its merits. The dealer who offers something else as "just as good" is dishonest.

"I never was very strong and then I had La Grippe," writes Mrs. Gracie G. Smith, of 480 15th St., Salem, Oregon. "I had a cough and felt tired all the time. I took three bottles of Dr. Pierce's Favorite Prescription and two of 'Golden Medical Discovery' and two vials of 'Pleasant Pellets.' I have better health now than for many years."

Twenty-one one-cent stamps cover the mailing of a paper-covered copy of Doctor Pierce's Common Sense Medical Adviser. Cloth-bound, 31 stamps. Send to Dr. R. V. Pierce, Buffalo, N. Y.

MANILA

Americans Determined Not to Give Filipino a Chance to Recuperate.

Manila, Feb. 7.—On Sunday immense crowds of people visited the waterfront and gathered in the highest towers to watch the bombardment. There were no streetcars or carriages to be seen and the streets were almost deserted.

The Minnesota troops, acting as police, searched every native and arrested many of them, with the result that while there were several attempts to assassinate American officers on Saturday there were none on Sunday. Absolute order was maintained.

The United States flagship Olympia steamed across the bay on Sunday and took up a position near the German cruiser Irene and the British cruiser Narcissus off the Mole. She is still there.

The Americans are determined not to give the Filipinos a chance to recuperate.

One of the intensely exciting incidents which occurred during the engagement was when the Washingtons and Idahos and Companies K and M of the Californians made charges across the rice fields between Paco and Santana in the face of a terrific fusilade. The ground yesterday over which they passed was covered with dead and wounded natives. The former were buried in groups of five or six about where they lay, and the latter are being brought to the hospital. It was at this stage of the fighting and at Calvocan that the Filipinos suffered there heaviest losses.

The Fourteenth regulars were in a particularly tight place near Singalon and Colonel Duboce was compelled to rush past them with the reserve in order to prevent the regulars from being cut off. In the last line 12 men were killed before the rebels retired.

Both sides cheered frequently during the engagement. The American "hurrahs" were almost invariably met by derisive "Vivas." Among the natives the Ygorotes were especially noticeable for their bravery, about 700 of these naked savages facing artillery fire with their bows and arrows.

The scene at Manila, when the alarm was given on Saturday night was wildly exciting. The American soldiers in the theaters and at the circus were called out, the performances were stopped, the Filipinos scurried everywhere and the rattle of musketry and the booming of cannon outside the city was plainly heard. The residents of the outskirts of Manila flocked into the walled city with their arms full of articles. All the carriages disappeared as if by magic, the streetcars were stopped, the telegraph lines were cut and the soldiers hurriedly but silently marched out of the city to the stations assigned to them. The stores were closed almost instantly; foreign flags were to be seen flying from many windows and a number of white rags were hung out from Filipino huts and houses.

LACK AMMUNITION

Philippine Advices Report the Insurgents Short on War Material.

Madrid, Feb. 7.—The cabinet session was chiefly devoted to a long discussion of Philippine matters yesterday. General Correa, minister of war, expressed pleasure at the "good relations existing between General Rios and General Otis."

Dispatches from Manila describe a conference between Otis and Aguinaldo, some days back at which, when Aguinaldo learned of the "intention of the Americans to attack and capture Iloilo and other ports" he declared that he would begin hostilities if the United States sent any reinforcements to the Philippines. The conference "failed to arrive at any understanding."

According to the same dispatches, it would seem that the insurgents lack ammunition, as they have been seeking to purchase it everywhere and have been offering high prices. They recently gave it out that General Rios had delivered to them 5,000 Mauser rifles and 3,000,000 cartridges in exchange for prisoners, but this General Rios denies.

FILIPINO JUNTA.

Agoncillo Failed to Leave Instructions For His Colleagues.

Washington, Feb. 7.—The Filipino junta here was in a state of bewilderment yesterday. Senor Agoncillo, its head, fled so hurriedly that he failed to leave instructions for the balance of the junta and they accordingly are dependent from word from him as well as hampered by the serious illness of one of them. Their counsel, Messrs. Ralston & Siddons, withdrew from any relations with them and they are accordingly now without advisers in a strange country and, though told they will not likely be arrested, they have a strong apprehension on that score. The junta at a late hour had received no dispatch from Aguinaldo about the battle and no word had come from their fleeing chief, Agoncillo. Senor Lopez had a long interview with their attorneys, at which the latter formally withdrew all connection with them.

SAMPLES OF SHOES

And Clothing For Indians to Be Exhibited at Chicago.

Chicago, Feb. 7.—The commissioner of Indian affairs, in accordance with his agreement with Senator Cullom, has ordered the superintendent of the New York Indian warehouse to forward to the Indian warehouse in this city samples of all shoes and clothing awarded on contracts at the last annual letting. Robert G. Spooner, the special Indian agent in charge of the Chicago warehouse, will exhibit the samples for the purpose of enabling prospective bidders to see the class of goods purchased by the government this year, and will also give information as to prices.

SKULL CRUSHED.

Joseph Schlatter, an Allen County Farmer, Meets a Horrible Death.

Fort Wayne, Feb. 7.—Joseph Schlatter, one of the wealthiest farmers of Allen county, fell from a wagon loaded with ice last evening on his farm near Leo, and the wheels of the vehicle passed over him. His skull was crushed to a pulp and death was instantaneous.

Major Peyton Resigns.

Philadelphia, Feb. 7.—Surgeon Major D. C. Peyton, U. S. V., has forwarded his resignation to President McKinley. Major Peyton, whose home is in Jeffersonville, Ind., was appointed by the president from civil life. He was assigned to Camp Meade, Pa. Major Peyton's reason for resigning is that his work is completed here and he desires to resume his medical practice.

Ex-Lettercarrier Suicides.

Vincennes, Ind., Feb. 7.—Albert Laudermilk, ex-mailcarrier, committed suicide last night by cutting his throat with a razor. Since he resigned his position as carrier he engaged in the saloon business in Princeton and has had poor success, it is said. Recently he went home sick with the grip, but had recovered.

Frankfort, Ind., Feb. 7. — Andrew Sunkes fell under a Vandalia train here yesterday and was beheaded. He lived at Tipton.

Slight Shock.

Warsaw, Ind., Feb. 7.—A shock resembling a slight earthquake was felt here yesterday.

CANDY TRUST

One In Process of Formation at Chicago.

Chicago, Feb. 7.—Negotiations are in progress in this city for the formation of a candy trust, composed of about 40 of the leading manufacturers of staple confections in the United States. While the projected corporation is yet in an embryonic state, its ultimate formation is considered a certainty. Confectioners have been approached within the last few days by representatives of Chicago and New York syndicates, both of which are interested in the amalgamation of the candy interests. The fact that more than one party is seeking to effect the consolidation makes it possible that considerable delay may ensue before final arrangements have been completed.

Whisky Combine.

Chicago, Feb. 7.—The attorneys for the whisky trust have announced that the new combination will be launched before the close of February, with a capital approximating $60,000,000. The American Spirits Manufacturing company is thus assured almost absolue control of the entire whisky trade of the country.

TREATY IS RATIFIED

Senate Acts Favorably on the Paris Commission's Work.

HAS ONE VOTE TO SPARE

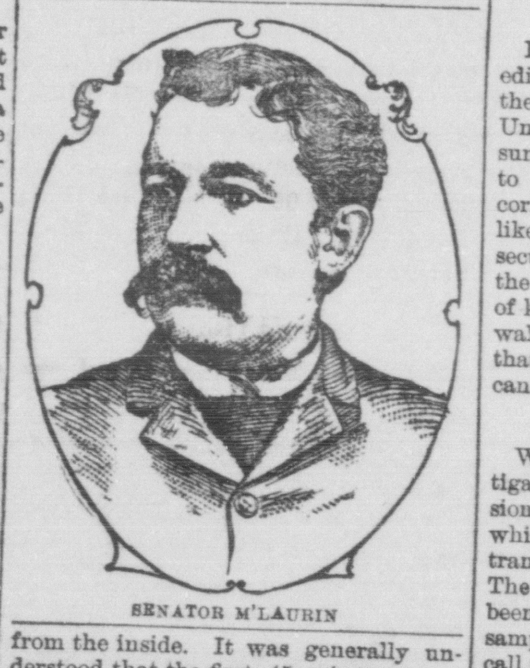
When the Result Was Announced Senators Rushed From the Senate Chamber to Give the News to the Crowd Outside — Three Members Leave the Opposition.

Washington, Feb. 7.—The treaty of peace negotiated between the commissioners of the United States and Spain at Paris was late yesterday ratified by the United States senate, the vote being 57 ayes to 27 nays, or one vote more than the two-thirds majority necessary to secure senatorial concurrence in a treaty document.

The vote was taken in executive session, and until that injunction of secrecy was removed, the result was supposed to be private; but the vice president had no more than announced the figures before senators rushed out of every door leading from the senate chamber declaring that the treaty had been ratified. Some made the mistake of stating that there were three votes to spare. There was, in fact, only one vote more than was necessary—the ballot resulting 57 yeas to 27 nays.

No vote has been taken in the senate since that on the repeal of the purchasing clause of the Sherman law that has been followed with as close interest as was the vote on the treaty. This anxiety was due not only to the magnitude of the question at issue, but to the uncertainty which attended the matter up to the last moment. Only the elect few knew how Senators McEnery of Louisiana and Jones of Nevada would vote half an hour before their votes were cast, and not even these knew when the bells rang for the executive session.

Many of the vast throng which was turned from the galleries after the doors were closed in response to Senator Davis' motion, lingered in the corridors, all waiting eagerly for the first news from the inside. It was generally understood that the first 45 minutes were to be given to speechmaking, but the crowd apparently was prepared for the delay.



SENATOR M'LAURIN

In advance of the voting, speeches were made by Senators Ross, Money and Fairbanks. Senator Stewart, who had just arrived from his successful campaign in Nevada for re-election, announced informally during this period of the session that in his entire trip across the continent he had not encountered one man who was opposed to the ratification of the treaty. Mr. Fairbanks, referring to the legislation in the early stages of the war, and instancing the placing of $50,000,000 as an emergency fund at the disposal of the president, said it would be matter for deep regret if the same unanimity, harmony and absence of partisanship could not be made manifest at the close of the war and in the preparation of the treaty of peace. Elaborating this view he said no partisan political advantage could possibly be claimed by any one in the ratification, and held out the view that solid support of the administration would be of vast advantage to the administration in the present crisis.

Mr. Jones (Nev.) and Mr. McLaurin made brief speeches explaining their votes, in which they took the stand that they were as much opposed to expansion as ever, but in view of the outbreak of hostilities at Manila, they felt they would not be doing their duty in further opposing ratification, leaving the burden of future treatment of the Filipinos with the administration. Mr. McEnery made no explanation of his vote.

On motion of Senator Davis it was then ordered that the aye and nay vote be made public and soon afterward the doors were opened and the senate proceeded with legislative business, attempting to pass the McEnery declaratory resolution as per the promise to that senator.

Within 40 minutes after its ratification General Cox, the secretary of the senate, appeared at the white house with the treaty itself, which he promptly delivered into the president's hands and then retired.

The Spaulding Claims.

Washington, Feb. 7.—Many ex-postmasters who served during the 10 years ending June 30, 1874, have been inquiring of their representatives concerning what are known as the "Spaulding" claims, under the impression that there is something coming to them from the government. George M. Allen, chief clerk in General Heath's office, says that the department has neither the legislative warrant nor the funds to pay such claims. The department regards the accounts of these postmasters as closed, and in view of the fact that they involve so large a total sum, it is not likely that congress can ever be induced to enact special legislation authorizing their payment.

M'ENERY RESOLUTION

Declaring the United States Policy In the Philippines.

Washington, Feb. 7.—After the ratification of the treaty the senate took up a joint resolution offered by Mr. McEnery (Dem., La.) declaring a policy for the Philippines and an effort was made to adopt it, but the debate occupied so much time that the resolution went over until today. The resolution in full follows:

> That by the ratification of the said treaty of peace with Spain it is not intended to incorporate the inhabitants of the Philippines into citizenship of the United States nor is it intended to permanently annex said islands as an integral part of the territory of the United States. But it is the intention of the United States to establish on said islands a government suitable to the wants and conditions of the inhabitants of said islands to prepare them for local selfgovernment and in due time to make such disposition of said islands as will best promote the interests of the citizens of the United States and the inhabitants of the Philippine islands.

House Proceedings.

Washington, Feb. 7.—Yesterday was suspension day in the house and quite a number of bills were passed, several of them of importance. The census bill prepared by the house committee went through by a vote of 147 to 42. The bill differs in several essential features from the senate bill, particularly in that it makes the census bureau entirely independent of any existing department and Chairman Hopkins stated on the floor the expectation was that the senate would accept the house bill.

London Times Satisfied.

London, Feb. 7.—The Times in an editorial expression of its satisfaction at the ratification of the peace treaty by the United States senate, says: "We presume the Americans will be in no hurry to establish their government in every corner of the islands. They will more likely be content to make themselves secure at important points and to leave the rest to time. The Filipinos will tire of knocking their heads against a brick wall and by degrees they will discover that life is quite tolerable under American administration."

War Investigation.

Washington, Feb. 7.—The war investigation commission held an all day session yesterday considering their report, which it is now said will be ready for transmission to the president tomorrow. The reports of the chemical experts have been received on the analysis of the beef samples submitted, but it is intended to call the chemists themselves to identify their reports and, if necessary, amplify them by verbal testimony. The commission adopted appropriate resolutions on the death of Colonel Sexton.

Indiana, Illinois and Kentucky.

Washington, Feb. 7.—A large number of favorable reports on public buildings throughout the country were made yesterday by the house committee on public buildings. They will be taken up today, two days having been assigned. Among the bills are: Indianapolis, $1,200,000; Joliet, Ills., $100,000; Elgin, Ills., $100,000; Streetor, Ills., $50,000; Freeport, Ills., $50,000; Carrollton, Ky., $25,000.

Kentucky Postmasters.

Washington, Feb. 7.—The senate yesterday confirmed the following Kentucky postmasters: L. V. Herd, Middlesboro; J. P. Hutchinson, Owenton; J. S. Miller, Greenville; L. Vaupel, Morganfield.

TO BE SENT HOME

Orders Received For the Return of Dreyfus to France.

Paris, Feb. 7.—Dispatch to The Patrie from Cayenne, capital of French Guiana, says that orders have been received there for the return of Dreyfus to France, with the statement that a vessel has been sent to bring him.

Increasing Mailing Facilities.

Port Tampa, Fla., Feb. 7.—The mailing facilities between Cuba and the United States are to be still further increased. In addition to the five sailing a week from this port to Havana, a steamship will leave Port Tampa, Tuesday, the 21st, with mails for Havana, San Juan, Ponce, Port Antonio and Santiago. Mails will be brought back from all points except Havana. The round trip will take 16 days.

Hastened Their Departure.

St. Louis, Feb. 7.—News of fighting at Manila has hastened the departure of the three battalions of the Twelfth United States infantry from Jefferson barracks. Under command of Colonel Smith the troops left Jefferson barracks yesterday for New York, where they will be joined by the fourth battalion. On Feb. 9 the regiment will embark on the transport Sheldon for Manila.

No Word From Gomez.

Havana, Feb. 7.—Governor General Brooke has as yet received no information regarding the date when General Maximo Gomez will arrive in Havana. Feb. 24 is the anniversary of the beginning of the Cuban war and it is possible that Gomez will wait until then to make a triumphal entry into the city.

10,800 CANS

Beef Condemned by the Board of Survey.

Havana, Feb. 7.—The board of meat survey, of which Captain William L. Pitcher, of the Eighth infantry is president, found as a result of an inquiry yesterday afternoon that the contents of 10,848 cans are unfit for human food and have recommended that the inspector, Colonel Reade, condemn the meat. Colonel Reade has confirmed the board's finding. Other lots will be examined today.

Among the rations drawn for distribution to the destitute at La Punta relief station are several hundred cans of spoiled meat, though among them there were no cans of Libbey, McNeill & Libbey, as was erroneously rumored at first. Inquiry with respect to them seems to show that since the meat was bought by the government most of it had been stored in damp warehouses or carried in the holds of vessels. The cans have rusted, the air was thus admitted, and consequently the contents soon decomposed. The meat has probably been packed for a long time.

On the other hand, a quantity of bacon canned in 1891 was found to be fresh.

At several other relief stations tainted salmon and spoiled tomatoes were discovered by the board of meat survey, and it appears that from 1 to 2 per cent of the meat issued in Jamaica is bad.

CAR COMPANIES

Detroit, Feb. 7.—The Tribune today says: It is positively known that eight big car companies, scattered over the United States, have been combined under the name of the American Car and Foundry company. The new company is incorporated under the laws of New Jersey, with a capital of $60,000,000, $30,000,000 of which will be 7 per cent noncumulative preferred stock and $30,000,000 in common stock.

"Of the authorized capital $4,800,000 divided between the two classes of stock will be retained in the treasury for improvement and extension purposes.

"The companies beside the Michigan Peninsular of this city entering the consolidation are as follows: Jackson & Woodin Manufacturing company, Berwick, Pa.; Missouri Car and Foundry company, St. Louis; Ohio Falls Car Manufacturing company, Jeffersonville, Ind.; Union Car company, Buffalo; St. Charles Car company, St. Charles, Mo.; Wells & French company, Chicago; Terre Haute Car and Manufacturing company, Terre Haute, Ind."

TUESDAY, FEBRUARY 7, 1899.

THE ratification of the peace treaty was not only a victory for the administration but a victory for the right. The spirit of the opposition was not the kind that characterizes great statesmanship.

IT IS now right well assured that Indianapolis is to have a new federal building, for which Congressman Overstreet has so faithfully labored for two years. The state at large will rejoice with the capital city for the building is much needed.

A CAREFULLY drawn primary election law is one of the needs of Indiana. Both parties agree that such a law is needed therefore the conditions ought to be favorable for the passage of Representative Glossbrenner's bill, or a better one if a better one has been introduced. A good primary election law would do away with much of the schooling that makes elections distasteful to many good citizens.

THE resolution to require the state educational institutions to make an itemized report of what they do with the people's money was in order. The authorities of these institutions have refused to make such reports to the state auditor, although the state university alone has received $87,000 the past year. Another item of expense that might be asked for is the lobbying expenses of officials of these institutions, for they have spent much time at Indianapolis relieving members of the legislature of responsibilities reposed in them by the people.

Conghed 25 Years.

CELERY KING
NATURE'S CURE

Comrades, Attention.

I served from '61 to '64, and was wounded on May 10, 1864, in the Battle of the Wilderness. I would like to have my old comrades know what Celery King has done for me. In 1890 my old complaint, chronic diarrhœa, came back. The doctors could not stop it, but Celery King has cured me, and I am once more enjoying life.—Frank Beebler, Owosso, Mich. (Co. F, 49th N. Y. V. I.).

Spreads Like Wildfire.

You can't keep a good thing down. News of it travels fast. When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Bellville, O., writes: Electric Bitters are the best selling bitters I have ever handled in my 20 years experience." You know why? Most diseases begin in disorders of the stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Only 50 cents. Sold by W. F. Peter druggist, guaranteed.

La Grippe is surely contagious. Dr. Miles Restorative Nervine is a sure preventive.

He Got the Ad.

"You're not on that horrid paper, are you," cried the girl who speaks her mind, "though I did once meet a reporter from it who was rather nice He came to see about getting an advertisement— What! Not a reporter? Why, I thought he was. Well, anyway I had lost a dog, and he said he had heard of it and wanted to know if I didn't want to advertise in his paper for it. I told him I didn't believe I liked his old paper, and he said he didn't think much of it himself, but he thought it was pretty apt to reach the class of people who stole dogs. And so since he was so polite about it I thought I might as well advertise in it. But I didn't get the dog."—New York Commercial Advertiser.

Show Your Best Qualities.

Honesty does not require us to hang our oil paintings faced to the wall in order that our friends may see that they are made on coarse canvas. It is right to appear always at our best. Give the world your brightest thoughts, your most courteous speech, the outcome of your kindest impulses and purest motives, no matter if you are conscious that these things are above your ordinary level. God made the flowers show their colors, not their dull, fibrous matter; to load the air with their odors, not with the rankness of their sap.—Homiletic Review.

THE AMERICAN MONTHLY REVIEW OF REVIEWS

It is impossible to promise particular features that will appear in the "AMERICAN MONTHLY" during the coming year, for it is, as the Bookman says, "a great monthly newspaper." As such, it prints for its readers an illustrated account of the notable things which make the history of the month, of the political, the economic, and literary happenings which are of value to intelligent men and women. The Editor's "Progress of the World" tells succinctly an illustrated story of the month. The "Leading Articles" give the best thought and information of the current magazines in five continents; the contributed articles furnish the character sketches of the man of the month, and give timely discussions by authorities on any question of immediate serious import.

"We know of no review published, in this country or in Europe, which combines so successfully as the AMERICAN MONTHLY the alertness, timeliness, and energy of journalism with the sound judgment, carefully weighed opinion, exact knowledge, and well-chosen English of the purely literary periodical."—The Outlook.

The result of this comprehensive effort to edit in one monthly volume the information needed by intelligent people of "live" instincts is best gauged in the opinions which the readers of the AMERICAN MONTHLY have seen fit to express. These are thinking business men, clergymen, editors, lawyers, professors, engineers, the wide-awake women of America. They write that the AMERICAN MONTHLY "is indispensable"; "is simply invaluable"; "is a generous library in itself"; is "a historical cyclopedia of the world"; "the best means of aid for a busy man"; "the best periodical of the kind we have ever had"; "a triumph of editorial genius"; "the world under a field-glass," etc., etc.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure Send for circulars and testimonials.

Made a New Man of Him.

BRYAN, Ohio, Jan. 13, 1897.

Gentlemen:—For years I had been suffering from indigestion. Had a poor appetite and could not eat anything containing grease and had constantly had a worn out feeling. After using three 50c bottles of Dr. Caldwell's Syrup Pepsin I am now able to eat anything my appetite craves and can say it has made a new man of me.

SURPRISE.

The la grippe is still raging.

John Ottensholty is on the sick list.

Theo Burnes has gone to Indianapolis.

We are enjoying about five inches of snow.

Miss Emma Brown made a visit to Bedford.

John Lorance talks of moving to Tennessee.

Fred Holtz was able to attend church Sunday night.

Wm. McMahan will move on Dan Walker's farm.

Trustee White visited the Surprise school Monday.

B. C. Lett has finished putting up fifteen tons of ice.

John Lucas and family have gone to Freetown on a visit.

Miss Theta Penning made a call on our school Thursday.

Rose & Co. have finished cutting their large bill of saw logs.

Miss Lizzie Tabor has gone to stay with Grandma Rudy.

Protracted meeting commenced at Taylor's Chapel Sunday.

Mrs. Wm. Claycamp had a severe spell of sickness last week.

John Wells has pulled his engine to the mill set on Rose's place.

Miss Malinda Lucas was the guest of Miss Ella Rose Wednesday.

Ira and Oscar Crabb were guests of some of our town folks Sunday.

Miss Leora Brock has gone to stay in the family of Key Reedy at Honeytown.

Some of our home prophets predict another "long cold spell" and "a late spring."

Mrs. Mary J. Mahurin who has been visiting at Kurtz and Freetown returned Thursday.

Misses Jessie Walker and Kittie Pennock made a call on the Nigger Hill School Friday.

Wm. Linch and Joe Mashon enroute for Brownstown narrowly escaped bein run over by the fast mail.

We are still suffering from the incompletion of bridges on some of the "commenced-to-be" gravel roads.

Protracted meeting is still in session at the M. E. church with Revs. J. L. Shroyer and Reynolds at the helm.

Jacob Brown is going to move from Wm. Holmes' White Creek farm where he has lived for the past fifteen years.

Our farmers consider the present snow as very valuable to the wheat, and log haulers seem to be taking advantage of it too.

It was not through slight but oversight that we did not mention the new comer into the family of John Lucas some time ago.

Ola, infant daughter of James Dixon, after continued illness died Thursday Feb. 2. The funeral and burial services were held at White's Chapel Friday conducted by Rev. Shroyer.

Parsnip Complexion.

A majority of the ills afflicting people today can be traced to kidney trouble It prevades all classes of society, in all climates, regardless of age, sex or condition.

The sallow, colorless-looking people you often meet are afflicted with "kidney complexion." Their kidneys are turning to a parsnip color, so is their complexion. They may suffer from indigestion, bloating, sleeplessness, uric acid, gravel, dropsy, rheumatism, catarrh of the bladder, or irregular heart You may depend upon it, the cause is weak, unhealthy kidneys.

Women as well as men are made miserable with kidney and bladder trouble and both need the same remedy. Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy will build up and strengthen weak and unhealthy kidneys, purify the diseased, kidney-poisoned blood, clear the complexion and soon help the sufferer to better health.

The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases, such as weak kidneys, catarrh of the bladder, gravel, rheumatism and Bright's Disease, which is the worst form of kidney trouble. At druggists, fifty cent and dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing please mention this paper.

An Honest Medicine for La Grippe.

George W. Wait of South Gardiner, Me., says: "I have had the worst cough, cold chills, and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one 50-cent bottle and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by C. W. Milhous.

TOWNSHIP REFORM

Senate Wrangles all Day Over the Bill--Amendments Adopted.

MORTON PENSION BILL

Meets With the Unqualified Disapproval of the Democrats of the House—Uncle Joe Power's Measure Ordered Engrossed—Reorganization of State Education Board up Again.

Indianapolis, Feb. 7.—The township reform bill came up under second reading in the senate yesterday and the entire day in that branch was spent in wrangling over minor amendments. Only two amendments of consequence were adopted. One of them was to allow any qualified voter to be a member of the advisory board, whether or not he is a taxpayer, and the other provided that the township trustee shall not act as secretary of the advisory board, but the board shall elect one of its members to fill that position. Other amendments of a character to strengthen the bill or fortify its language were adopted.

The news of the ratification of the treaty of peace was received by the Republicans with cheers, but the Democrats refused their approbation. A resolution expressing the satisfaction of Indiana was passed in the house.

The bill by Uncle Joe Powers, regulating the right of appeal from justices of peace to circuit court, was ordered engrossed. It provides that cases involving $50 or less shall not be appealed from justices' courts.

A resolution was adopted for a petition to Indiana members of congress asking them to amend the internal revenue law so that the telegraph and express companies would have to place the revenue stamp on telegrams and express receipts.

The bill by Mr. Brown (Dem.), to reorganize the state board of education, was reported to the house by the education committee with a divided report. The majority report favored the substitution of the Holcomb bill, giving the governor power to appoint three additional members, and the minority favored the substitution of the Hogate bill.

The bill by Mr. Kerwood granting the widow of ex-Governor Oliver P. Morton a pension of $100 a month for the rest of her life came up in the house on second reading and met unqualified opposition from the Democrats. Mr. Eichhorn (Dem.) offered an amendment to include the widow of ex-Governor Chase and Mr. Hedgecock (Dem.) offered one to pension the widows of all ex-governors. Both amendments were defeated by a strict party vote. The bill was then ordered engrossed.

Mr. O'Bannon's bill to tax gifts, legacies and inheritances came up on second reading and was so amended as to exempt from the tax legacies to religious, benevolent, educational, charitable organizations and the like.

The bill by Mr. Knotts, providing for the drainage of the Kankakee valley, was made special order for Friday at 3 o'clock.

WELSH SINGERS.

State Convention of the Eisteddfod to Be Held at Anderson.

Anderson, Ind., Feb. 7.—It is announced here that the first Indiana State Eisteddfod will take place in this city on Saturday, March 18. This will be the first meeting of the kind in Indiana, and marks the strength of many newcomers, or rather Welshmen, who are employed principally in the tinplate mills. The Eisteddfod is a big thing in the east and in Wales. It brings together many Welsh singing societies. There are about a dozen Welsh singing societies in the gas belt, principally of men, and all will participate. Alexander Jones of this city is the chairman of the cammittee for the Eisteddfod, and Daib Lloyd is secretary.

FUNERAL

Of the Late Editor J. H. McClung at Muncie.

Muncie, Ind., Feb. 7.—The remains of the late Editor James H. McClung were buried yesterday. T. H. Kirby, B. W. Lennett, J. C. Johnson, Frank Brown, R. H. Branch, W. H. Lacey and P. K. Morrison, all close ftiends, acting as pallbearers by request of Captain McClung, prior to his death. The Masonic order and the local Typographical union attended the burial, together with many newspaper men from this city and elsewhere. The late Captain McClung left considerable property, the larger portion of which will be controlled by his widow.

Try Grain-O! Try Grain-O!

Ask your grocer today to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O has that rich seal brown of Mocha or Java, but it is mad from pure grains, and the most delicate stomach receives it without distress. ½ the price o of coffee. 15c. and 25 cts. per package sold by all grocers.

What do the Children Drink.

Don't give them tea or coffee. Have you tried the new food drink called GRAIN-O? It is delicious and nourishing and takes the place of coffee. The more grain-O you give the children the more health you distribute through thei, systems. Grain-O is made of pure grains and when properly prepared tastes like the choice grades of coffee but costs about ¼ as much. All grocers sell it. 15c and and 25c.

Dangers of the Grip.

The greatest danger from LaGrippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe we have yet to learn of a single case having resulted in pneumonia which shows conclusively that this remedy is a certain preventive of that dangerous disease. It will cure la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by C. W. Milhous.

Grip makes one sick, weary and restless. Dr. Miles' Restorative Nervine brings rest.
